TB Comenius Software – Version 5.0

- 1) Software allows user to run / operate even no hardware connected.

Note: some features will be disabled automatically if no hardware connected with the PC / Laptop

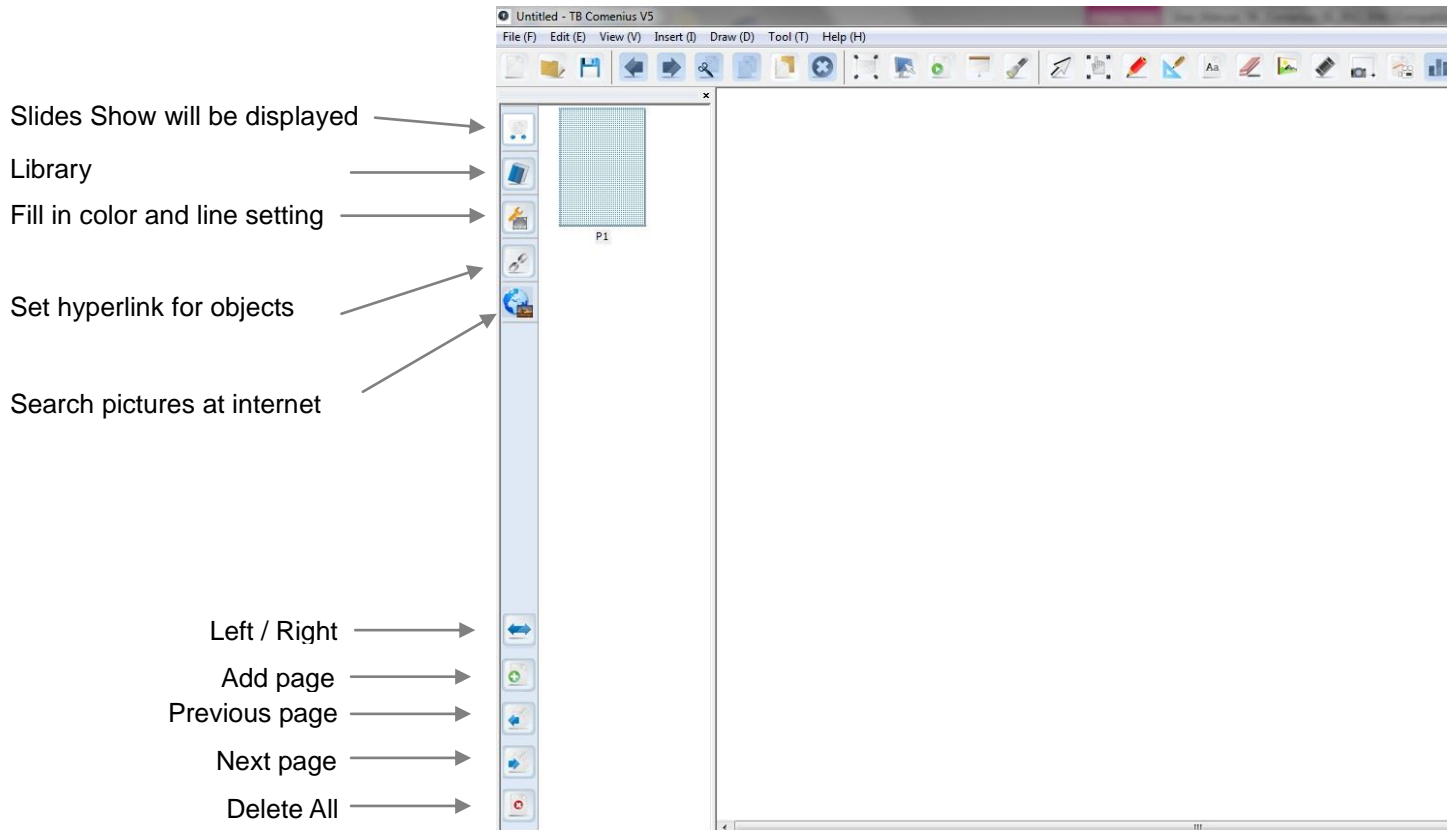

- 2) TRIUMPH BOARD PORTABLE SLIM enables one user to write and draw and does not include multi feature.
- 3) Software allows you to annotate your computer desktop. TB Comenius Software and system and the projector connect to your computer. The projector displays your computer desktop onto the whiteboard and the Software detects when you touch the board
- 4) There are 2 modes available for Software.
 - a) Windows Mode - allowing user to use finger to control their computer desktop onto the whiteboard
 - b) Whiteboard Mode- useful features for user to prepare presentation / teaching material

To turn to **Windows Mode**, click this “minimize”.

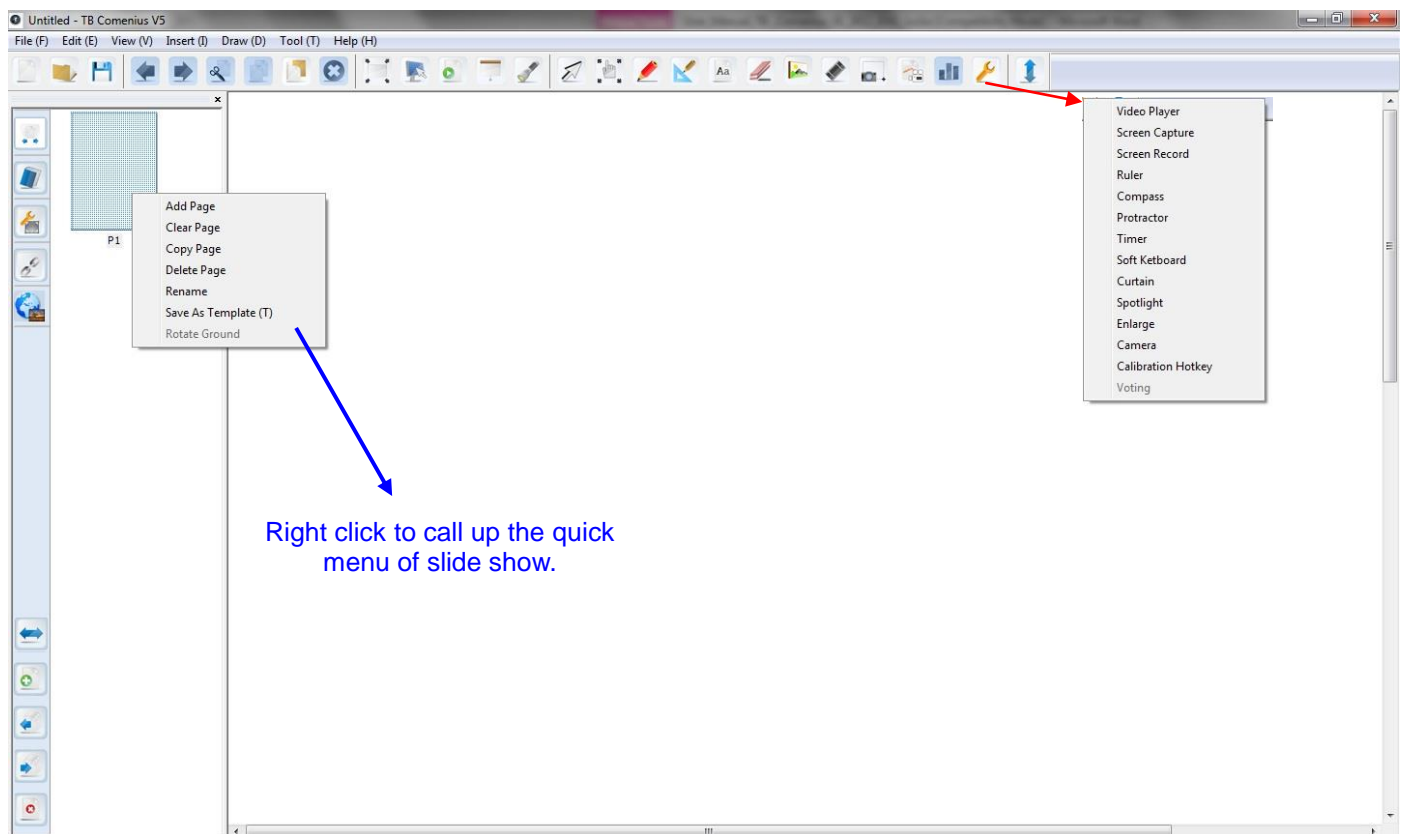

ad 4b) Whiteboard Mode

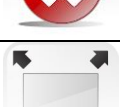

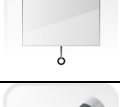

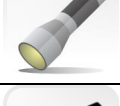

- 5) When writing words, each letter will be grouped automatically in 5 seconds, if user want to select one of the letters, they need to ungroup to words by clicking icons on the right top corner.
