

# Voting RF550

TRIUMPH BOARD Voting RF550 is not only powerful but also the most cost effective Interactive Wireless Audience Response System on the market.

TRIUMPH BOARD Voting RF550 is fully compatible with Microsoft PowerPoint which makes it simple to use and enriches your presentations and classroom curricula by eliciting comments from the audience and encouraging participation.

TRIUMPH BOARD Voting RF550 with LCD display can be used in classrooms, training sessions, workshops, focus groups or corporate meetings. A corporate or classroom profile can be selected when installing the system. With TB Vote's interactive PowerPoint software and the wireless audience remote keypad given to each participant, real-time feedback can be electronically collected by your PC / Notebook at the click of a button. TRIUMPH BOARD Voting RF550 is extendable for up to 500 users. The system includes, in addition to a USB receiver, a carry case and 25 student clickers, as well as a teacher's / presenter's key pad for remote control of the voting.
