

MULTI TOUCH 8" TABLET

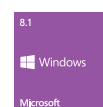

The TRIUMPH BOARD Multi Touch 8" Tablet is exciting to use and is distinguished by offering an integrated solution that starts with the uniqueness of the product's design, which is specifically tailored to meet the needs of the education market. It is an education-oriented tablet that delivers all of the most important technological advantages to support effective learning – including robust and durable hardware and specific educational applications such as the unique TRIUMPH CLOUD online annotation software.

The TRIUMPH BOARD Multi Touch 8" Tablet is extremely lightweight, with a very thin 9.7 mm profile. It easily fits into a child's hand, with its rounded corners and no sharp edges. Its connectivity is guaranteed with Wi-Fi and Bluetooth features, which optimize the ability to use the TRIUMPH CLOUD annotation and collaboration software. The 4100 mAh battery life allows additional time for learning.
