

## TRIUMPH BOARD and DisplayNote Technologies Ltd announced cooperation.

Prague, August 29<sup>th</sup>, 2014 – TRIUMPH BOARD and DisplayNote Technologies Ltd are pleased to announce an enhanced partnership.

The two companies have worked together to combine the presentation features of the TRIUMPH BOARD display range with powerful ability of DisplayNote to connect these displays with mobile and tablet devices.

Ondrej Kryspin, CEO at TRIUMPH BOARD a.s. says: “DisplayNote collaboration solution is nowadays becoming a necessity for modern class lessons or business presentations. TRIUMPH BOARD and DisplayNote is a ‘winning team’ providing the best in-class solution on the market.”

“We are delighted to extend our partnership with TRIUMPH BOARD. They have developed an excellent product range and I believe the DisplayNote solution will enhance these products greatly and make them even more accessible for the classrooms and boardrooms of the future, where connecting with a mobile or tablet device is a necessity, says Paul Brown, CEO of DisplayNote Technologies Ltd.”

TRIUMPH BOARD’s international customers will find a new DisplayNote II Cloud licenses with co-branded version included with all TRIUMPH BOARD MULTI Touch LED models and soon to be included with all TRIUMPH BOARD products e.g. interactive whiteboards and interactive projectors.
