

LiftBox for IWBs

The LiftBox for IWBs is the most reliable and stable product on the market for high-low adjustment (15.75") for whiteboards and projectors without electric power.

With a total weight capacity up to 132 pounds LiftBox comes in a compact and stylish white design that is hidden behind the whiteboard.

Both a floor support for safe mounting on non-supporting walls and a mobile stand are part of the product range as well as a wide range of accessories.

Features

- Ergonomic and easy to use
- Quality product, safe to use
- Compact design - product disappears behind the screen
- Fast and easy installation, maintenance-free
- Low transport and installation costd
- No electric power and a long product lifetime
