

Setup Guide

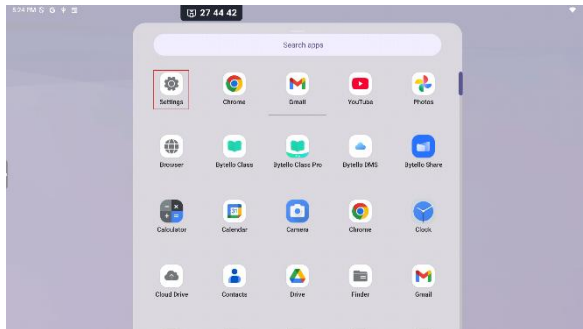

AI Stylus

EAN: 8592580121647

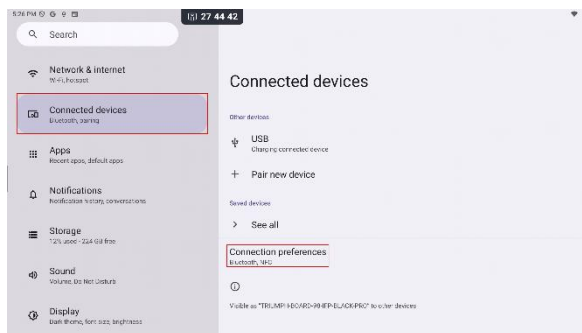

1. Connecting to the AI Stylus:

1) Open the „Settings“ app.

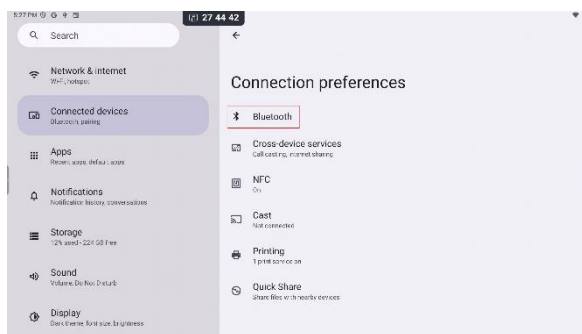

2) In „Settings“, select „Connected devices“.

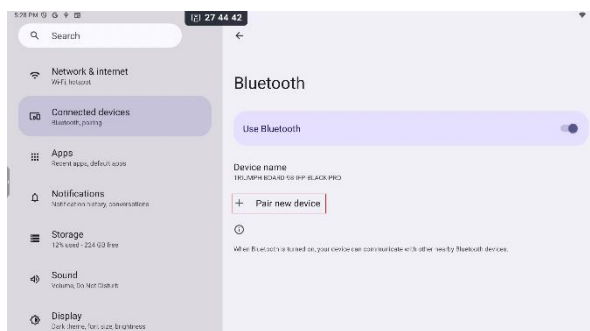

3) In „Connected devices“, choose „Connection preferences“.

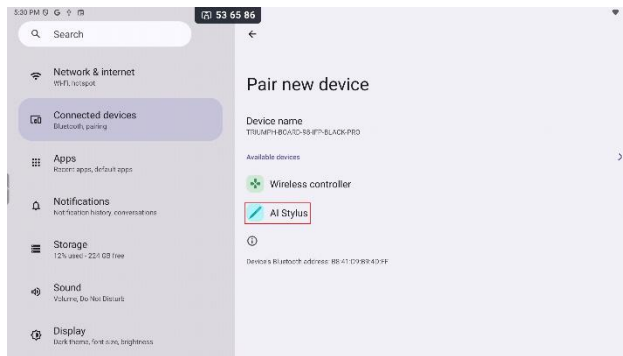

4) Select „Bluetooth“.

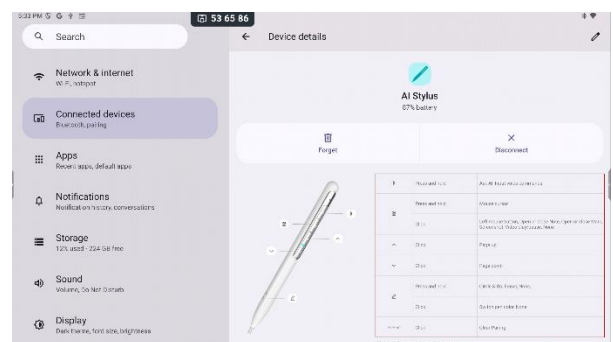

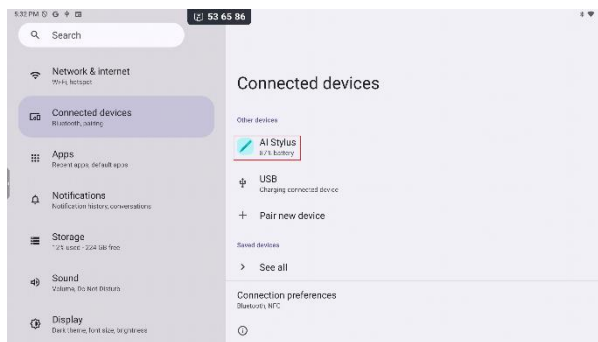

5) Choose „Pair new device“.

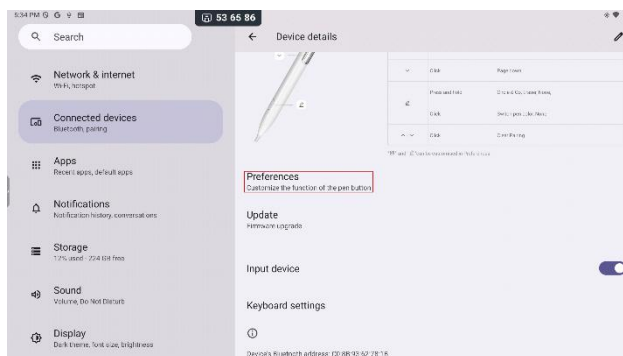

6) Wait until „AI Stylus“ appears, then click on „AI Stylus“ to connect.

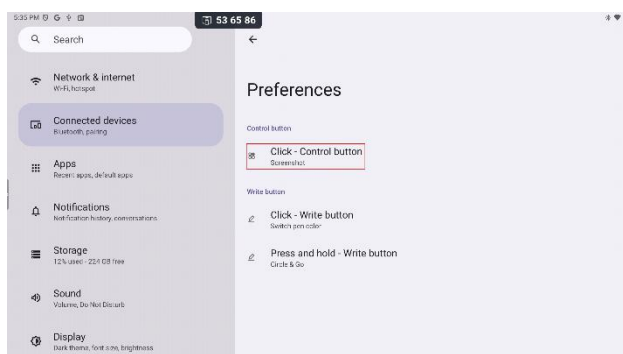

7) Once the AI Stylus is connected, select „AI Stylus“ to view an overview of the buttons and their functions.

8) To customize shortcuts on the AI Stylus, select „Preferences“.

9) Choose the options you want to change (e.g., Click – Control button).

10) After selecting, choose the pre-set shortcuts for the different buttons (e.g., screenshot).
